

Parker Oil & Propane

1428 West Danville Street
South Hill 23970

Phone: (434) 447-4992

Parker Oil Company is Southside Virginia's hometown energy source. We're big and sophisticated enough to meet the fuel needs of any business, but we're also friendly and attentive enough to keep the loyalty of homeowners throughout the region. In addition to our retail and wholesale fuel delivery, we operate a family of fuel-related businesses. Our Simmons Travel Centers are located in Bracey and Emporia. Parker Fuel Freedom is our card fleet fueling system. Our Environmental Management Services division is the only contractor in Virginia licensed to close and fill underground storage tanks in place.
