

Benchmark Community Bank

220 West 5th Avenue
Lawrenceville 23868

Phone: (434) 848-6552
Fax: (434) 848-0511

Benchmark Community Bank is the largest bank focused exclusively on serving Southside Virginia. We have been around for 40 years helping area citizens and businesses thrive. We are, always have been, and intend to remain locally owned and operated. Benchmark is a full-service, progressive financial institution that is integrally involved with each of the communities it serves. We hire local residents whose love of community mirrors ours. Members of the Benchmark family are also individuals who pride themselves in giving exceptional service. They love listening and always want to know what other community members are looking for in a financial institution. We gather this information regularly so that we can make the right decisions on new products and services. By right decisions, we mean, of course, what the people in the community want and need.
