

# Cary Deck Restoration

---

Lake Gaston 27518

Phone: 919 355-8064

So you work hard and have decided to “REALLY ENJOY” spending time on your deck, we have your solution. If your Deck Structure is in good shape we remove the old wood flooring and railings. Then make any needed Repairs and add additional framing where needed. Now we install the Low Maintenance Trex Composite decking with hidden fasteners. We have several Railing Designs to choose from and coordinated Lighting packages to match. We can show you that in most cases this Upgrade pays for itself in 5 years, factoring you normally clean and stain your deck every 2 years - and now won't have to. It adds Value to your Home and is so nice spending time on it. ..Plus a 25yr Warranty.
